ABOUT ME

With an 18-year journey in the educational sector, my multifaceted expertise and dedication epitomise the essence of a transformative educator. My academic achievements, including a PGCE in Education, a BA (Hons) in History of Art, a Level 3 Counselling Diploma, and an NPQML in Leadership and Management, reflect a profound commitment to both personal growth and the advancement of my pupils. Such a diverse educational background not only enriches my teaching methodology but also enables me to connect with and inspire a wide range of students with varying interests and needs.

My leadership across multiple subjects, including KS1, Science, Mental Health, PSHE, English, and Computing, showcases my ability to adapt and excel in various educational realms. My inclusive approach, especially towards pupils with special educational needs, underlines my belief in the potential of every pupil to succeed. This ethos is critical in fostering an environment where all students feel valued, supported, and motivated to achieve their best.

At the heart of my teaching philosophy lies a deep-rooted passion for education and a steadfast focus on pupil success. My approach not only aims at academic excellence but also at nurturing well-rounded individuals who are prepared to face the world with confidence. By creating a nurturing and engaging learning environment, I am not just teaching; I am making a lasting impact on my pupils' lives, shaping their futures in the most positive way possible. My journey is a testament to the power of dedicated teaching and the profound impact it can have on both individuals and society as a whole.
